

SRETENKA DESIGN WEEK

2011 October

Norrand Country Clubs was proud to participate in Moscow's Sretenka Design Week. Beginning with the official opening ceremony on October 7th, installations featuring art, architecture, graphic and industrial design work filled Sretenka, one of Moscow's oldest neighbourhoods.

For nine days, Norrand's exhibit was on view on the tree-lined Tsvetnoy Boulevard, outside the sleek Tsvetnoy Central Market. Norrand presented three mini-exhibitions on Photography, Graphic Design, and Branding, each housed in their own cube.
