

NORRLAND IN PARTNERSHIP WITH MULTIGROUP

2011 December

Norrland Country Clubs are happy to announce a partnership with Multigroup Development Company who will be aiding in construction at Novaya Riga. Multigroup will serve as the contact point for realtors and customer service, as well as managing the construction process to its completion.

Founded in 1999, Multigroup quickly grew from building individual homes to the design and construction of whole housing developments. Throughout their growth, Multigroup have maintained a focus on a high standard of design and construction.

Multigroup will lend their expertise in the planning and production at Novaya Riga, from laying foundations, to prefabrication in Moscow, and finally managing specialised subcontractors.

One of Multigroup's recent successful projects is the Little Italy, where Tuscan villas rest in luxury in a Moscow suburb.
