

DENIS SIMACHEV TO BUILD A HOME IN NORRLAND NOVAYA RIGA

2012 January

Norrland Country Clubs is extremely happy that the stylish Moscow entrepreneur Denis Simachev has decided to build a home in Norrland Novaya Riga, right next door to the landowner's house.

Among many other things, Denis is the creative force behind a highly praised and somewhat exclusive fashion line, as well as a bar and restaurant, all of which bare his name. Denis has told us he's looking forward to spending weekends and holidays with friends at Novaya Riga, sitting by the pool sipping drinks from clubhouse bar.

But it won't be all play for Denis, as he will also be managing the bar & restaurant in the Novaya Riga clubhouse. Denis has a long track record of executing projects with great integrity and creativity.

We're sure he'll expand on that reputation here. This one of a kind restaurateur is already working on plans for a cool, relaxed hangout serving tasteful and comforting food and drinks. We're sure Mr. Simachev's panache and will contribute to the development and spirit Novaya Riga Country Club.
